ASMPT

ENABLING THE DIGITAL WORLD

Smartphones, computers, networks, self-driving cars, intelligent machines, the latest medical advances, renewable energy – the digital transformation makes our lives easier, safer, and more comfortable.

And we are at the centre of it all: The world's leading technology companies manufacture their products with innovative solutions from ASMPT.

Placement Student, Projects & Processes

Join us where we are enabling the digital world to realise its incredible potential, and where we will support you to realise yours too.

Our technology powers EVERYTHING with a digital component: we produce innovative equipment that enables the world's biggest names in electronics to bring their technology to market. We thrive in a forward-thinking environment where continuous investment powers opportunities to work on exciting new projects on a global scale.

And while we have offices – and career opportunities - around the world, the real magic happens at our Product Innovation Centre in Weymouth. This is the centre of our High End Printing business, where our engineers design, build and refine high-speed, high-precision printers to offer the best-in-class solutions to our customers.

Our People enjoy challenge and opportunity in equal measure. We sharpen our skills and knowledge, and experiment at the cutting edge across multiple disciplines.

We think you will like it too.

The Role

Our placements provide an opportunity to really learn how a business works. During your placement you will be hands on from day one, you will be actively involved in business projects, and your experience and knowledge will be utilised and strengthened during the 13 months with us. You'll be based in our Weymouth office, working alongside experienced professionals and contributing to real business outcomes.

We are looking for someone who is adaptable, curious and eager to learn; someone who can embrace new technologies, including AI, build strong working relationships, and use critical thinking and creativity to solve problems and make a positive impact.

We have an opportunity for you to join this incredible business and have an active role in our Projects & Processes team. This team plays a key role in driving continuous improvement, operational excellence and improving how we work across departments.

Largest hardware and software supplier for the electronics industry

2,000 high-tech patents

12,000 employees from many different cultures

Annual group sales: US$ 2.49 billion

Active in over 30 countries

We have an opportunity for you to join this incredible business and have an active role in our Projects & Processes team. This team plays a key role in driving continuous improvement, operational excellence and improving how we work across departments.

This role covers a wide range of responsibilities, including:

- Contributing to process improvement initiatives across the business.
- Supporting project planning, scheduling and reporting of activities.
- Managing clear and focused communication to business stakeholders.
- Helping with the management of risks, issues and opportunities associated with project delivery.
- Learning how to apply structured project management tools and techniques in a real-world setting.

You'll be encouraged to take initiative, collaborate effectively and grow professionally.

About you
Enabling the digital world offers enormous scope to develop your career beyond traditional ideas of progression or promotion. Enabling is always evolving. We want to hear from enthusiastic individuals who are currently studying for a degree in Business, Project Management or other relevant areas, such as Engineering, who has:

- A strong interest in project management, business operations or process improvement.
- Good communication skills and the ability to work well with others.
- A methodical approach to problem-solving and attention to detail.
- Confidence using tools like Excel, PowerPoint and Teams.
- A willingness to learn and contribute to a fast-paced, collaborative environment.

You'll be supported throughout your placement with mentoring, training, and opportunities to develop your skills, all while contributing to meaningful projects that support ASMPT's mission.

We think you will enjoy working at ASMPT because:
Our culture is unique. Unlike many of our more corporate competitors, we strive to maintain a people-first, family-like culture that people appreciate and enjoy. It's conducive to collaboration, to encouraging feedback and enabling innovation.

It's an exciting place to be. Ideas evolve in front of your eyes, and we are constantly pivoting and adapting to meet the needs of tomorrow's technologies. The possibilities here are limitless, the opportunities are huge, and our culture is warm and friendly.

We Will Offer You

Few organisations can rival our complete package of exciting, leading-edge work in an exceptional location that offers a fantastic quality of life:

- A competitive rewards package featuring an annual bonus opportunity, life assurance, alongside a range of financial wellbeing support including mortgage advice and pension clinics

- Time to rest, recharge and focus on what matters most, with a generous annual leave entitlement, company sick pay and enhanced family leave policies
- Comprehensive health and wellbeing support, including private medical and dental cover options, support with everyday healthcare costs, virtual GP access, second medical opinions, eyecare support, discounted gym membership and a range of mental wellbeing resources.
- Practical support for every stage of life, with confidential employee assistance services and specialist support
- Everyday savings and sustainable lifestyle benefits, including employee discounts and cashback offers
- A great place to work, with free onsite parking, a subsidised canteen offering local and organic food choices and regular social activities.
