

# Environmental Policy

This ASMPT UK Policy applies to all business undertaken by ASMPT SMT UK Ltd and ASMPT UK Holding Ltd

ASMPT UK understands that, as a leading supplier of high accuracy, mass imaging equipment and support products and services, for the electronics and alternative energy industries, we have a responsibility and role to play in caring for the environment.

It is our policy to manufacture and supply these products in a responsible manner that does not harm our environment and to manage and improve their impact on the environment.

To achieve this, we are committed to:

- Comply with all applicable environmental legal and other obligations.
- Establish and achieve business improvement objectives that include consideration of the environment.
- Consider the environmental impact of all new products at the design stage.
- Enhance our environmental performance through continual improvement of the Environmental Management System.
- Influence our supply chain partners to improve their environmental performance.
- Protect the environment, including preventing pollution and minimising the significant environmental impacts arising from our operations.
- Provide staff with environmental awareness training.

All ASMPT employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

This policy is communicated to all our staff and is available to interested parties via our website.
