

DEK Support bars

Our support bars are an extremely flexible and easy-to-handle support option.

DEK support bars serve as a quick and universal support solution for PCBs to be printed on one side only and other substrates. The operator places the DEK support bar manually on the printing table between the conveyors. That way, a wide range of PCBs and substrates can be printed after a short setup time.

Features and benefits:

- Cost-effective solution for PCBs to be printed on one side only
- Average setup time
- Placement by the operator

Module specifications:

- Length: 400 mm
- Wide: 25 mm
- Height: 81 mm
- Weight: ~2kg
